

## Credit Conversions to to European Credit Transfer and Accumulation System (ECTS)

Support Admin - 2025-04-04 - Verification

### **Credit Conversions to to European Credit Transfer and Accumulation System (ECTS)**

Students are kindly advised to refer to the guidelines published by the Quality Assurance Council of the UGC as given below for guidance on credit conversions.

<https://www.eugc.ac.lk/qac/slqf-add-faq.html#:~:text=Based%20on%20the%20information%20given,credits%20and%205%20UK%20credits.>

As an example it can be said that

- SLQF defines 1 credit as 50 notional hours.
- In ECTS 1 credit is 25 - 30 hours.
- If an ECTS 1 Credit is considered as 25 hours, then 1 SLQF based credit is equivalent to 2 credits in ECTS.
  
- Similarly UK credit system has 10 hours for 1 credit.
- Then 1 credit in SLQF is 5 UK credits and approx. 2 ECTS
