

## SLIIT partners with Amazon Web Services (AWS)

2021-01-24 - Academic Affairs (Registry) - [General](#)

Cloud migration has accelerated, and companies around the world are investing in their future with the cloud. Taking Our Partnership to The Next Level [SLIIT](#) officially partnered with [Amazon Web Services](#) (AWS), conceding students to explore a range of Professional Development programmes right here in Sri Lanka.

- Access to a ready-to-teach curriculum, developed and maintained by AWS
- Regular course updates that reflect releases and best practices
- Hands-on, practical experience in the AWS Console
- Access to AWS Academy Forums, online discussion groups with our global community
- Preparation for industry-recognized AWS Certification for educators and students
- Complimentary practice exams and discounts on AWS Certification for students
